

Différencier $A \times B$ et $B \times A$

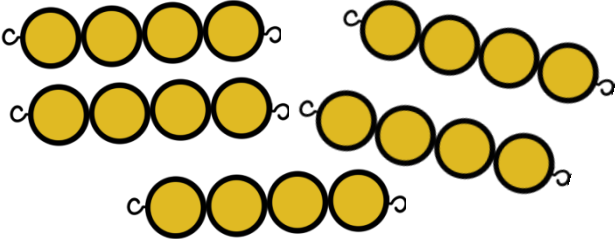

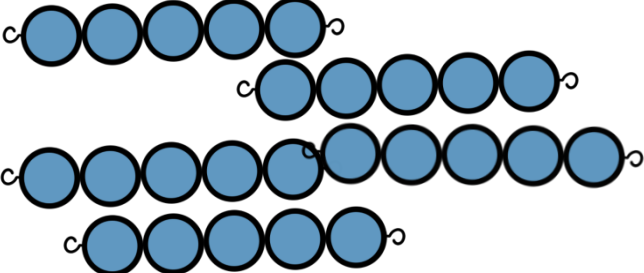

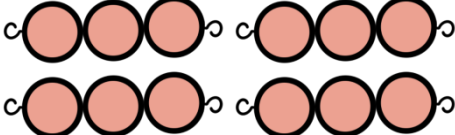

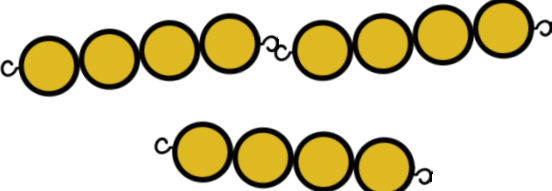

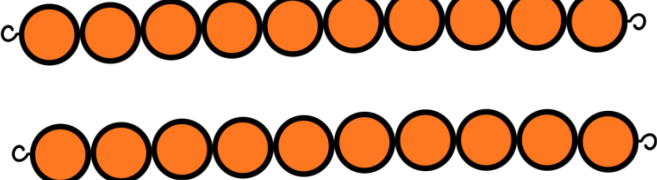

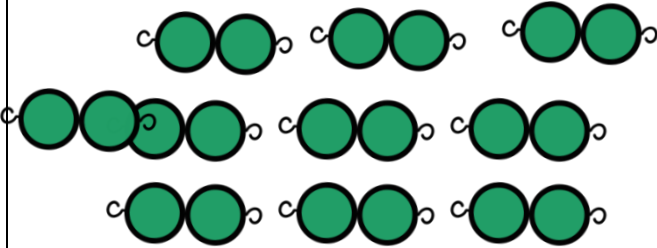

L'objectif est de différencier les multiplications sous les deux formes.

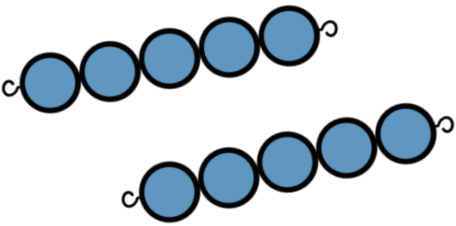

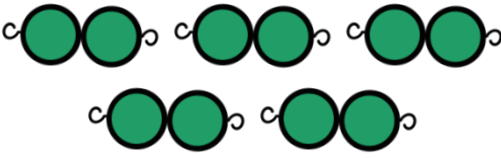

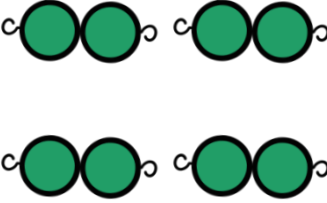

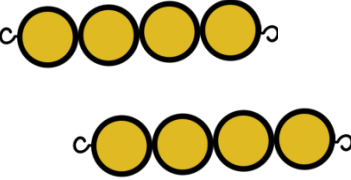

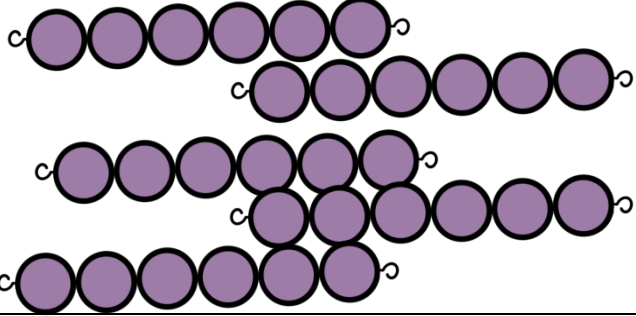

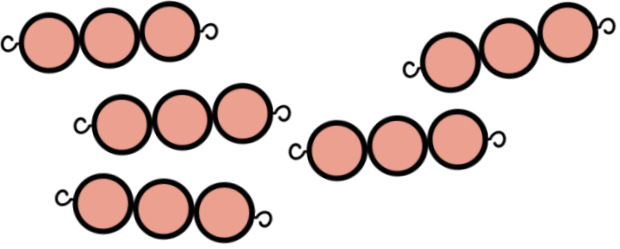

Matériel : barrettes Montessori.

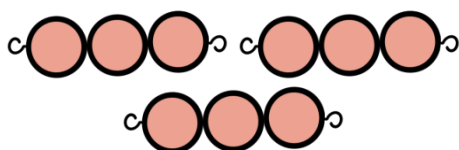

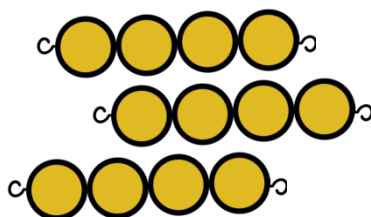

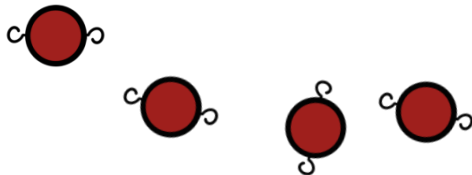

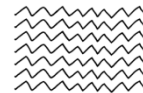

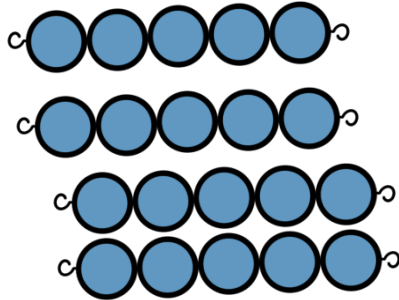

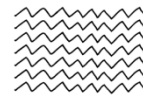

Plastifier et découper les étiquettes (pages 6 et 7 du document)

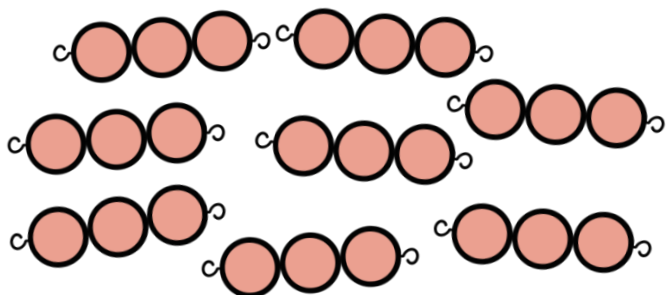

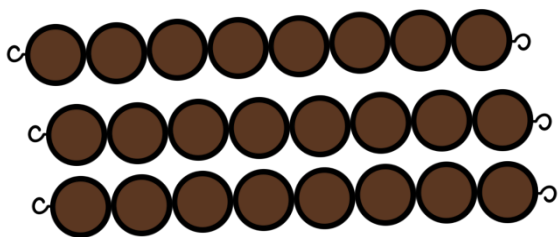

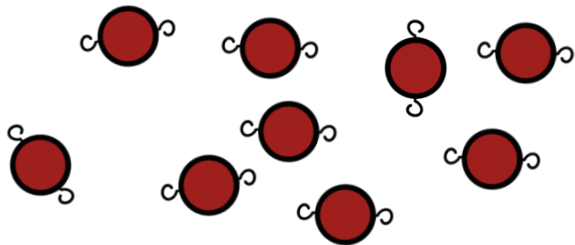

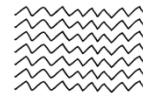

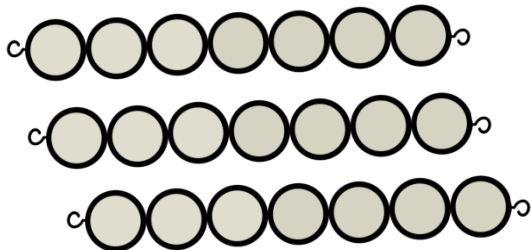

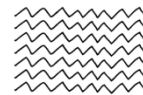

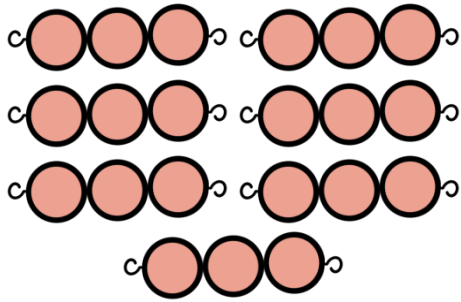

Vous pouvez, ou non, découper les pages de 2 à 5 en bandelettes, ou bien les laisser en pleines pages.

Collez des scratchs sur les endroits indiqués ainsi qu'au dos des étiquettes des pages 6 et 7.
