

DES « CHERCHE ET COMPTE » ADAPTÉS.

SPECIAL VACANCES D'ÉTÉ

L'objectif ici est que l'enfant apprenne à suivre plusieurs étapes :

- Repérer l'élément à compter
- Dénombrer dans l'ensemble d'items
- Renseigner la quantité en écriture chiffrée.

Remarque :

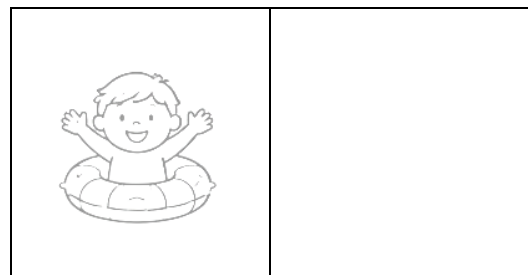

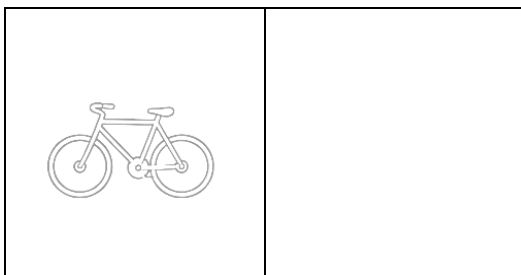

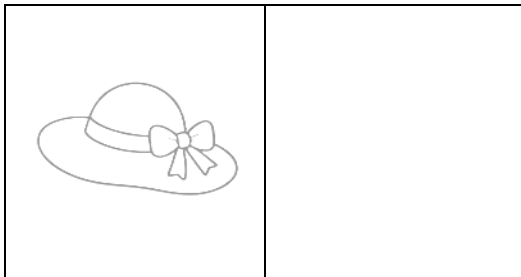

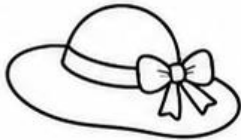

Les « consignes » avec les éléments à dénombrer sont représentés en plus petit et en filigrane de façon à ce que l'élève ne soit pas tenté de compter également l'item de la consigne !
